

## A GREAT FIRST STEP

### Sports

At this age, kids need to learn confidence and coordination – there's plenty of time later for competitive sports. JumpBunch fosters a positive attitude about sports, so children are eager to try new activities and believe in their own abilities.

### Fitness & Health

Today's "video generation" suffers from very little physical activity, and childhood obesity is rampant. JumpBunch activities are uniquely designed to introduce a healthy way of life, along with sports and fitness.

*JumpBunch offers a great opportunity to instill a lifelong interest in sports and fitness at an early age.*
